Sir.

In reference to the invoice of "Chicago" bars delivered by you to the Melter & Refiner, on the 1st. inst. being Mint Nos 9358 to 9389 inclusive; and which the Assayer, to verify variant slip assays, directed to be in part melted; I have to report that the melting of about 1/3 of the whole invoice shews a loss in melting of over .002; and protection to the interests of the government demands that a deduction of not less than .002 should be made on the gross weight of the invoice.

Respectfully
